ABOUT US

OrienttechW.L.L. is a well-established and fast growing trading company in the country of Qatar, Bahrain and Oman. Our line of business involves wholesale and Retail supply of automotive spares, Racking, Shelving and all kind of storage and wheelhouse solution. Ensuring exceptional product and market knowledge the company excels in delivering objectives of customer satisfaction to the highest esteem. **OrienttechW.L.L.** represents an extensive range of major international brands and products each supported with dedicated sales team. We are a team of professionals licensed, experienced and motivated to responsible and truthful performance. We as a team will be able to assist you in every facet of your task. Affordable cost and value for money products qualify our products and Services.

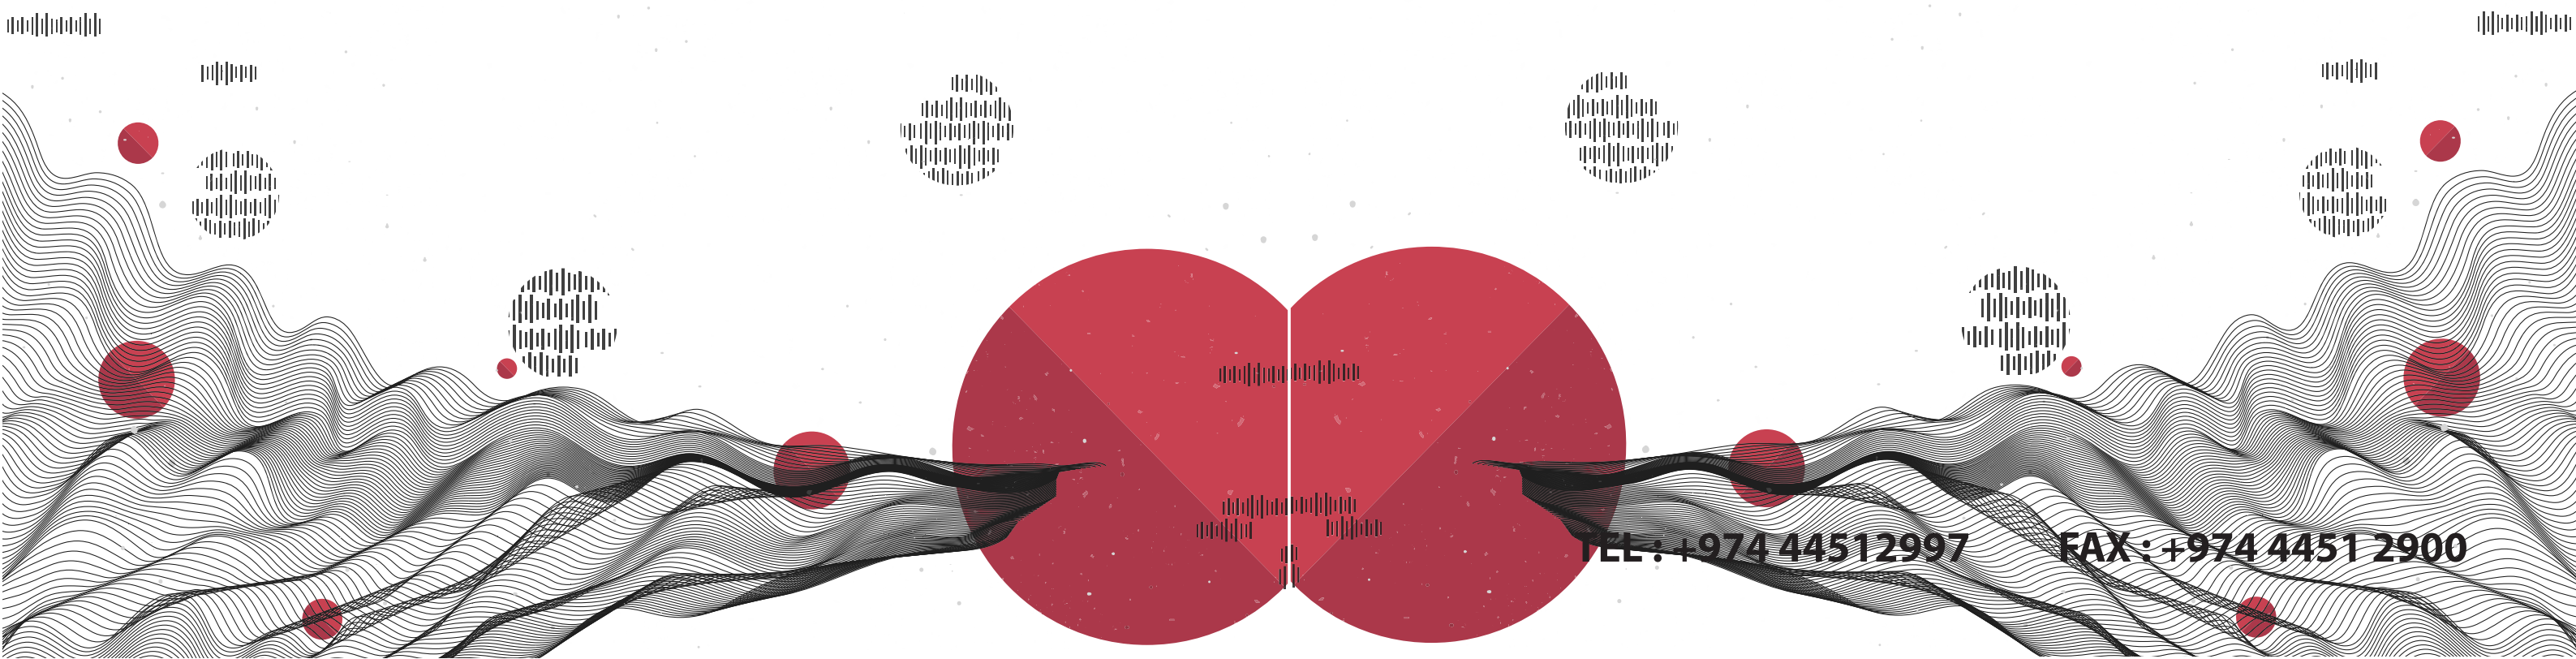

OUR VISION

Since the inception in **1983** Mr. Mohsen Abdulla H J Al Hadad started venture in Qatar and the company has gradually expanded its operations into many other segments from logistics to transportation, supply of Building material, Rent a car and so on. With a vision to diversify the business model a new company was formed in the year **2013**. OrienttechW.L.L with a multi-disciplinary portfolio of business activities our corporate strategy evolved to introduce rich products and services. This vision allows us to reach economies of scale that shall essentially lower our unit cost and help us to compete effectively in the market place. Further we are committed to foster long-term relationships, strategic alliances, joint ventures and other associations with a network of reputable suppliers and principals.

OUR VALUES

**An uncompromised
commitment to:**

- Demonstrating Honesty, Integrity &
- Responsibility
- Safety
- Superior Customer Service
- Excellence
